

Remembering your loved ones

Medical 
Detection Dogs

Patron: HRH The Duchess of Cornwall

When you lose someone you love it can be helpful to do something positive to honour their memory. In memoriam donations, can be a lasting way to remember someone special or mark the loss of a much-loved animal companion.

Making a gift in your loved one's name is a wonderful way to keep their memory alive. Family and friends can remember someone special, bringing great comfort at a time of sadness. Every gift is deeply appreciated and helps us to continue our important work.

There are a variety of ways in which to make a gift. We understand the deeply personal nature of these gifts and know you may want some time to consider it. If you have any questions, please do get in touch.

Leave a Gift in your Will

Leaving a gift in your Will to Medical Detection Dogs will cost you nothing today, but will help us to achieve our goals in years to come – making a real difference and saving and changing lives.

Your gift could enable us to expand our work, help complete our on-going disease detection studies and reduce our 18 month to 3 year waiting list by training more life-saving alert assistance dogs.

For more information please request our gift in Wills brochure by emailing

legacy@medicaldetectiondogs.org.uk

Donation in lieu of flowers

Many people now specify that they do not wish to have flowers at their funerals, preferring money to be donated to a cause that was close to their loved one's heart.

Long after funeral flowers would have faded, a donation in memory of a loved one can leave a lasting memorial and help Medical Detection Dogs to save and change more lives.

Many funeral directors are willing to arrange the collection and send it to us on your behalf at this difficult time.

For more information please visit our website www.medicaldetectiondogs.org.uk/donations-in-lieu-of-flowers

“At the end of the day, the only questions I will ask myself are...

Did I love enough?

Did I laugh enough?

Did I make a difference?

Let what you love, be what you do.”

Katrina Mayer

Mike Turner

March 1965 – August 2016

“When Mike passed away, we knew that he would want his legacy to make a difference. As a family, we are very proud of Mike and all that he has achieved and it has been a real comfort to see his money being put to such fabulous use.”

Tribute Funds

This is a wonderful way to celebrate the life of someone you care about whilst supporting Medical Detection Dogs. A Tribute fund allows friends and family to donate to commemorate a birthday, family celebration or a special anniversary. Your fund will be a lasting tribute to the life of someone you love, helping to keep their memory alive.

You can personalise your page by adding photographs and stories of your loved one. Once your page has been created, you can forward the link to all your contacts who can donate in their own time. The money comes directly through to us and includes Gift Aid for those donors who are UK tax payers.

Setting up an online memorial page is easy; go to www.justgiving.com and set up a page ‘Remembering Someone.’

For more information please visit our website www.medicaldetectiondogs.org.uk/tribute-fund

How your gift will make a difference

Medical Detection Dog's work is much needed. One in two born after 1960 will be affected by cancer during their lifetime; diabetes is on the rise and the challenges facing the NHS are well known. We are already making a huge difference to many, but we have the potential to save thousands of lives and transform the future detection of disease by offering a reliable, cost-effective and simple solution to early disease detection. As a charity, we rely solely upon the generosity and good will of the public. Asking your family and friends to make donations to Medical Detection Dogs is a wonderful way to help make a difference to the lives of many.
